

**VELLALAR COLLEGE FOR WOMEN (AUTONOMOUS), ERODE – 12
PG AND RESEARCH DEPARTMENT OF BOTANY
DBT - STAR COLLEGE SCHEME
October, 2015 Onwards**

LECTURE BY VISITING FACULTY

Committed importation for ardent listeners

An invigorating speech by Dr.T.Muthukumar

An invigorating speech by Dr.N.Jayakumar

A stimulating speech and the engrossed audience

WORKSHOP

Students engrossed in Dr. Karmegam's Lecture

Demonstration of Instrumentation techniques

Dr. Karmegam elaborating on Gel documentation

Entrepreneur detailing on spawn preparation

Intense observation at Mushroom farm

Bed Preparation for Oyster mushroom

Dr. Vijayakumari interacting with students

Students witnessing the techniques of media preparation

Demo on Lab safety measures

Chief Guest interacting with participants

Witnessing the products developed by TNAU

Session handled by the chief guest

Interacting with students

Introduction of Chief Guest

Mr. Stephen, explaining about e-resources

HANDS ON TRAINING
About tissue culture techniques

Training on Plant Regeneration

Explant preparation

Demo on micropropagation

Demonstration of Air Layering

Students enjoyed in learning the techniques of Vegetative Propagation

Walk through the Medicinal Garden

Vermibed – Initial stage

Selection of Earthworms from the culture

Explaining the process of Vermicomposting

Impact of chemical fertilizers on worms

Mr.G. Krishna Reddy demonstrating Soxhlet extraction

Dr. Arul Kumaran gave an elaborate lecture

A stimulating speech and the engrossed audience

An invigorating speech by Dr.S.Aravinth

An invigorating speech by Dr. N.SathishKumar

Committed importation for ardent listeners

Learning the techniques of breeding forest tree species

Dr. Appunu giving an elaborate lecture on Sugarcane Breeding

Lab Visit-Students witnessing the rare and unique herbarium collection

Highly Inquisitive students at the Genetic Transformation laboratory

Dr.Lavanya demonstrating the instrumentation techniques

SACON Scientist interacting with students

Imparting Instrumentation skills

Demo by a Senior Research Fellow

Industrial Visit- Gateway of Sakthi Sugars

Attentive youth - Spark of better learning at the distillery treatment unit

Indomitable spirit of the student

A confident move- Clarifying doubts

Committed importation for ardent listeners

A futuristic insight of Dairy unit

A buzz with excitement- Students at the Production Unit

Field Trip- Eco-Trekking in Biosphere

Learning from Nature

Observing Exotic species

Exploring the Eco-system

Visit to Government Botanical Garden

Visit to Pomological Station-Coonor

Students learning Jam-making

Visit to Tea Factory and Museum

Visit to Medicinal Plant Development Area (MPDA)

Expert explaining the values of Medicinal Plants

International Seminar- Inaugural Address by the Principal

Audience exposed in the lecture

Dr. Sakthivel Sadayappan interacting with students

Elaborate lecture by Dr. Udayan

A motivating speech by Dr.Karuppusamy

A stimulating lecture by Dr.Palusamy

DBT-Live streaming sessions on “Nobel Prize Series India”

Faculty and students at Science Express Climate Action Special Train Exhibition

Inter-departmental programme A Special meeting on “Changing Paradigm of Biosciences and Human Environment Present - Scenario”
