Future Ahead...

Brains of the future will be a man - machine hybrid

Ray Kurzweil, Director of Engineering at Google, and one of the foremost thinkers on artificial intelligence (AI) has said that in the future the human brain will connect to online AI to become a "hybrid of biological and non-biological thinking". Tiny 'nanobots' made from DNA strands would connect our brains to the internet, allowing us to augment our own intelligence with artificial intelligence and in 2030 or early 2040 our hybrid thinking will be non-biological.

Tongue Drive System to Operate Computers

Scientists at the Georgia Institute of Technology say that a new technology called Tongue Drive System will be helpful to individuals with serious disabilities, such as those with severe spinal cord injuries and paralyzed limbs. A tiny magnet, only a size of a grain of rice, is attached to an individual's tongue using implantation, piercing or adhesive. This technology allows a disabled person to use tongue when moving a computer mouse or a powered wheel chair.

Self Pledge

Today is going to be a great day...!
I can handle more than I think I can !...
Things don't get better by worrying about them !...
I can be satisfied if I try to do my best !...
There is always something to be happy about !...
I'm going to make someone happy today !...
It's not good to be down !...
Life is great, make the most of it !...
BE AN OPTIMIST....

ABOUT THE DEPARTMENT

The Department of Computer Science has been established in the academic year 1997-98 and upgraded with PG Computer Science in the academic year 2010-11. The department has progressed rapidly with a well-equipped infrastructure and 12 dedicated faculties who shape the students in all aspects.

The department has acted as the Union Incharge for the academic year 2014-15.

ABOUT THE INSTITUTION

Vellalar College for Women, established in 1970, is a pioneer Institution in the cause of Women's Education towards empowerment and upliftment of rural women. It is a matter of pride that the UGC has bestowed upon the Institution 'College with Potential for Excellence' for its overall excellence in the domain of education.

With a great sense of pride and happiness we record that our institution has been Re-accredited with 'A' grade and a CGPA of 3.43 by NAAC in the third cycle.
